FILMING AND PHOTOGRAPHY POLICY

British Swimming are well aware of the wide range of devices including mobile telephones which have photographic and filming capabilities. This enables the capture of both static and moving images. It should be acknowledged that the majority of images taken within a British Swimming setting are appropriate and taken in good faith. However, images of children and adults can be misused, and sharing images widely without consent may betray a confidence or identify of a child or adult, which could present a risk of harm to that individual if common sense procedures are not followed.

Parents and carers of participants under the age of 18 who wish to take images are requested to focus on their own children as much as reasonably possible and to avoid including other children in images, particularly if those images are being shared with family and friends or through social media platforms. Whilst it is acknowledged that parents/carers wish to celebrate the achievements of their own children when taking part in aquatic events, it should be recognised and respected that other parents/carers may not wish for their child's image to be taken and shared in this way.

BRITISH SWIMMING CHAMPIONSHIPS 2022
PONDS FORGE INTERNATIONAL SPORTS CENTRE, SHEFFIELD
5-10 APRIL

British Swimming encourage all spectators and participants at British Swimming events to make themselves familiar with the photography and filming arrangements for the event and be vigilant during that event.

British Swimming is committed to ensuring that all children who participate in British Swimming activities are able to take part in an enjoyable, safe environment and be safeguarded from harm. If you have any child safeguarding concerns at the event, please contact an Event Officer immediately to disclose your concerns.

Event Photography and Filming

This event **will be photographed and live streamed**. Static images will be displayed on the British Swimming website www.britishswimming.org. They will be used to promote the sport at this event and events in the future. Moving images may be displayed at the venue and via live stream at www.britishswimming.org. In addition, British Swimming may use these recordings and images for the purposes of education and training, swimmer analysis, promotion, performance, development and selection and event analysis.

In such instances where the event is being live streamed, it will not be possible to provide the option to refuse consent to filming and if there are any concerns, please speak to the Event Officer present. However, if individuals wish to refuse consent to static photography, please complete the Photography Refusal of Consent Form below and return to British Swimming Events Department.

If you, as a Parent/Guardian/Carer, have concerns about your child being photographed/filmed, please refer to the relevant Home Nation guidance document: Wavepower the ASA Child Safeguarding Policy and Procedures; YPlant the Swim Wales Child Protection Policy; Scottish Swimming Child Protection Policy.
