

Assessment of visual acuity and visual field

Visual Acuity

	Right eye	Left eye
With correction		
Without Correction		

Type of correction: \_\_\_\_\_

Measurement Method: \_\_\_\_\_

Visual Field:

In degrees (radius)	Right eye	Left eye

Attachments to the Medical Diagnostic Form

1. Visual field test

For all athletes with a restricted visual field a visual field test must be attached to this form.

The athlete's visual field must be tested by full-field test (120 degrees) and a 30 degrees, 24 degrees or 10 degrees central field test, depending on the pathology.

One of the following perimeters should be used for the assessment: Goldmann Perimetry (Intensity III/4), Humphrey Field Analyzer or Octopus (Interzeag).

2. Additional medical documentation

Please specify which eye condition the athlete is affected by.

Eye condition	Additional medical documentation required (see below)
<input type="checkbox"/> Anterior disease	none
<input type="checkbox"/> Macular disease	<ul style="list-style-type: none"> <li>▪ Macular OCT</li> <li>▪ Multifocal and/or pattern ERG*</li> <li>▪ VEP*</li> <li>▪ Pattern appearance VEP*</li> </ul>
<input type="checkbox"/> Peripheral retina disease	<ul style="list-style-type: none"> <li>▪ Full field ERG*</li> <li>▪ Pattern ERG*</li> </ul>
<input type="checkbox"/> Optic Nerve disease	<ul style="list-style-type: none"> <li>▪ OCT</li> <li>▪ Pattern ERG*</li> <li>▪ Pattern VEP*</li> <li>▪ Pattern appearance VEP*</li> </ul>
<input type="checkbox"/> Cortical / Neurological disease	<ul style="list-style-type: none"> <li>▪ Pattern VEP*</li> <li>▪ Pattern ERG*</li> <li>▪ Pattern appearance VEP*</li> </ul>

The ocular signs must correspond to the diagnosis and degree of vision loss. If eye condition is obvious and visible and explains the loss of vision, no additional medical documentation is required. Otherwise the additional medical documentation indicated in the above table must be attached to this form. If the medical documentation is incomplete, the classifiers will not be able to allocate a sport class.

\*Notes on electrophysiological assessments (VEPs and ERGs):

Where there is discrepancy or a possible discrepancy between the degree of visual loss, and the visible evidence of ocular disease the use of visual electrophysiology is often helpful in demonstrating the degree of impairment.

Submitted data should include the report from the laboratory performing the tests, copies of the original data, the normative data range for that laboratory, and a statement specifying of the equipment used, and its calibration status. The tests should be performed as a minimum to the standards laid down by the International Society for Electrophysiology of Vision (ISCEV) (<http://www.iscev.org/standards/>).

A Full Field Electretinogram (ERG) tests the function of the whole retina in response to brief flashes of light, and can separate function from either the rod or cone mediated systems. It does not however give any indication of macular function.

- A Pattern ERG tests the central retinal function, driven by the macular cones but largely originating in the retinal ganglion cells.
- A Multifocal ERG tests the central area (approx. 50 degrees diameter) and produces a topographical representation of central retinal activity.

A Visual evoked cortical potential (VEP) records the signal from produced in the primary visual cortex, (V1), in response to either a pattern stimulus or pulse of light. An absent or abnormal VEP is not in itself evidence of specific optic nerve or visual cortex problems unless normal central retinal function has been demonstrated.

- A Pattern appearance VEP is specialised version of the VEP used to establish visual threshold which can be used to objectively demonstrate visual ability to the level of the primary visual cortex.

- I confirm that the above information is accurate.
- I certify that there is no contra-indication for this athlete to compete at competitive level in sport, with the exception of \_\_\_\_\_.

**Classification  
PRIVACY NOTICE**

**Data Protection Act (“DPA”), General Data Protection Regulations (“GDPR”) and  
International Standards - Protection of Privacy**

**PROCESSING PERSONAL DATA**

**Please complete this form in Block Capital Letters**

SURNAME ..... 2nd initial .....  
FIRST NAME.....  
ADDRESS.....  
.....  
.....  
POST CODE: .....  
HOME TELEPHONE NUMBER (including STD code).....  
E-MAIL ADDRESS.....

- I hereby confirm that I have received and read the Privacy Policy from British Swimming (available on the British Swimming website) which sets out the information that British Swimming may collect and use about me and the legal basis on which it does so.

In relation to data that is not Special Category Data (defined below), I understand and acknowledge that British Swimming will process my personal data in accordance with the Privacy Policy and that British Swimming has legitimate interests and/or a legal obligation(s) and/or contractual obligation(s) for processing my data. I also understand and acknowledge that British Swimming will share that data with the following:

- British Swimming Classifiers
- HCSA – Home Country Swimming Associations.
- BPA – British Paralympic Association.
- IPC – International Paralympic Committee.
- WPS- World Para Swimming
- Meet organisers, for example, WPS – World Para-Swimming, Activity Alliance
- Other third parties that may be listed in the Privacy Policy from time to time.

I also acknowledge that British Para-Swimming have a legitimate interest in using my personal data for the purpose of my involvement in British Swimming Classification administered by British Para- Swimming and that I may receive information about Classification by post, email, SMS/MMS, online (including team phone application) or phone unless stated otherwise.

For the purpose of this Privacy Notice, Special Category Data means personal data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, or trade union membership, and the processing of genetic data, biometric data for the purpose of uniquely identifying a natural person, data concerning health or data concerning a natural person's sex life or sexual orientation.

**In relation to Special Category Data; I**

- Agree;
- Do not agree;

to data about my racial and ethnic origin, biometric data and health data being processed by British Para- Swimming, which is being maintained and shared with coaches, performance directors and members of support staff at British Swimming including Home Country staff and for the purpose of providing me with classification support.

By agreeing to the above I acknowledge that any medical practitioner (including, but not limited to doctors, physiotherapists sports masseurs, clinical nutritionists, nurses, psychologists and medical administrators) treating me shall be entitled to submit medical information about me by way of medical diagnostic and medical reports/letters  
I understand that these electronic medical records shall only be retained for 25 years from the date of receipt.

**In relation to Special Category Data; I**

- Agree;
- Do not agree;

to data about my health and performance being shared by British Para-Swimming with the BS Classification Working Group and BS classifiers for the purpose of assessing eligibility for Para-Swimming classification

I realise that refusal to give the consents set out above will not affect my access to medical care, treatment or testing. Consent can be withdrawn at any time, and only notice of its withdrawal will be released to those specified above.

**Transfers outside the European Economic Area (“EEA”)**

Please note it may be necessary to share your personal data, including Special Category Data, with third parties based outside the EEA. The current members of the EEA are Austria, Belgium, Bulgaria, Croatia, Republic of Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden and the UK.

This may be necessary where we use service providers to process some information who may be based or may have sub-processors, resources or data processing facilities outside the EEA). Any such transfers shall be effected in accordance with our obligations under data protection legislation with appropriate safeguards including where there are adequacy decisions, standard contractual clauses approved by the European Commission or the Information Commissioners Office (“ICO”). For example, for most companies we will enter into a data processing agreement incorporating the model contract clauses. Further, in the U.S.A. companies may be certified under the EU-U.S. Privacy Shield Framework and Swiss-U.S. Privacy Shield Framework, which ensures that your data will be processed and protected in compliance with EU and UK law and regulations. If you require further information about any protective measures in relation to such arrangements, please contact us on the details given at the end of this Notice.

If you have any questions or concerns you should contact British Swimming's dedicated data protection lead via the following details:
