The above Qualifying Times (QTs) must be read in conjunction with British Para-Swimming World Championships Selection Policy 2022 and are subject to the published World Para-Swimming qualification criteria Madeira 2022 World Para-Swimming Championships.

QTs for events not included within the Paris Paralympics 2024 Medal Events List (presented in Grey) will carry the same QT as the next eligible Paris 2024 classification event. Ranking times from all eligible classes have been utilised to create the QT.

B Times are set for athletes who have not competed at a Major Championships such as but not limited to WPS European Championships, WPS World Championships and Paralympic Games for any NGB. This is in line with British Para-Swimming strategy for development of the sport. The B times are set within an extended percentage of the A times or within the minimum qualifying standard (MQS) as set by WPS for the competition, whichever is the faster.

As per point 4.1.2 in the selection policy slots already allocated to those athletes in 4.1.1 have been indicated on the times.
